STATEMENT OF INTENT

I have read the Health Academy information and commit my full support to my child's participation. I understand that meeting the eligibility requirement does not ensure admission to the program and that the decision of the selection committee will be final. **If my child is accepted to the program, I agree to support his/her participation.**

I will ensure that my child has uninterrupted study time daily and will supervise the use of the study time in the most productive way.

Successful completion of the Health Academy program will meet the requirements for high school graduation. I understand that should my child leave the Health Academy, he/she must meet with their Guidance counselor to ensure that credits are on track for graduation as specified by the Florida Statute and Santa Rosa County Pupil Progression Plan.

General Academy Requirements

- Maintain a 3.0 cumulative GPA or above (must have A/B in core courses)
- Maintain excellent attendance and discipline records
- Provide own transportation to volunteer and clinical rotations (senior year)
- Purchase scrubs senior year
- Optional participation in HOSA and corresponding fundraisers and pay fees

Required Academy Courses

9 th Grade:	Medical Skills and Services
10 th Grade:	Health Science Anatomy/Physiology Honors
11 th Grade:	Health Science Foundations Honors
12 th Grade:	Nursing Assistant 3 Honors and Clinical rotations-40 hours

Participation Intent

I fully understand the requirements of a Health & Medical Professions Academy student, and I am aware that failure to meet these standards may cause me to be ineligible for this program. I also realize that I am merely stating my intent to participate in the program, but that this does not guarantee my acceptance.

*You will be notified of acceptance or denial approximately 2 weeks after application due date.

Agreements

Students are expected to **participate in all Academy events**. Attendance is vital to each student's success in the program. Absences may not exceed 10 per semester or one (1) clinical day* per semester. Students must complete a minimum of forty (40) clinical hours with twenty (20) hours to be completed in a nursing home to qualify for certification as a Nursing Assistant.

Students will be accountable for their behavior at all times. Referrals and/or suspensions may prevent a student from advancing to the next level course(s). Any infraction during senior year may result in removal from the clinical site and rotation being completed in the classroom lab. Students are responsible to report all infractions (including cell phone referrals) to Health Academy Coordinator.

Clinical and community agencies require students to meet standards, similar to employees, for criminal offenses and use of illegal substances. Senior year, students are required to be screened through the Florida Department of Law Enforcement (FDLE). An independent drug test is required senior year of the program. A TB test and a flu shot will be required senior year before clinical rotations.

A high GPA must be maintained. A one semester probation period may be instituted if overall GPA declines.
